

Are you an immigrant living in Vancouver?

We would love to hear your story!

The City of Vancouver wants to learn more about your experience as an immigrant living in Vancouver. Be part of our survey and tell us how you've built a life here.

We're looking for residents of different backgrounds to share their experience using local services, finding jobs and participating in the community.

By telling us your story you'll help improve the support immigrants receive when settling in Vancouver.

Participate from February 10 - 27, 2015

To fill out the survey, visit:
